034 CLARK/SCHUEER FROM KRIEBEL/SEELY WA 751

REF WORRIS' C291825 CRUISING ON "BISCAIA" TO BIAFRA, OUR COMPLIMENTS  
TO HADDEN ON THIS INTERESTING DISCOVERY. WE LOOK FORWARD TO MAILED  
SAMPLE BUT MEANWHILE WILL WELCOME FURTHER OBSERVATION TO NAIL DOWN  
IDENTITY OR LACK OF IDENTITY. BELIEVE TRANSMITTER UNDOUBTEDLY PORTUGAL.  
MOS CHECKED FREQ LATE TODAY ON 20878 KCS APPROX. LISBON-ALFRAGIDE  
CUC20 IS LISTED BY ITU FOR 20877 KCS. IF STATION ALSO COMMUNICATES  
WITH LONDON AND PARIS ON THIS FREQUENCY, THAT WOULD SEEM TO REQUIRE  
OVERT IDENTIFICATION; OTHERWISE BISCAIA (PORTUGUESE FOR BISCAY)  
WOULD SEEM TO PROVIDE A THIN COVER FOR ILLEGAL COMMUNICATION WITH  
BIAFRA (LDA31 / LEGALLY ASSIGNED TO NORWAY). AS LATTER MUST BE OPERATING  
SAME GENERAL SECTOR OF SPECTRUM WE HOPE THAT BUREAU CAN LOCATE IT  
EITHER THRU DIRECT CRUISING OR FROM BISCAIA SERVICE TRAFFIC. WORTHY  
PRESS TRAFFIC FROM EITHER MAY BE FILED UNDER WHICHEVER SOURCELINE
